Experience

SUNY New Paltz Sponsored Programs and Research Compliance

October 2020 - May 2021
New Paltz, NY

Website Editor

- Used Terminal Four software to update the department's contents, create new links, and upload revised forms.
- Made documents accessible for visually impaired users to comprehend and navigate content quickly and easily.
- Redesigned the department's website using HTML/CSS and Figma.

FALA Technologies Inc.

September 2020 - December 2020
Kingston, NY

Marketing Intern

- Designed a logo for the STEM & Technical Exploring Pathways (STEPs) Program using Canva.
- Gathered information and updated the website inventory using WordPress.
- Managed technical integrations with third-party services.

One EPIC Place

September 2019 - December 2019
New Paltz, NY

Full-Stack Engineer Intern

- Developed a full-stack web application to allow clients to rent rooms from the company and allow staff to view data analytics from the stored users and rented rooms information.
- Designed a responsive and intuitive user interface using HTML, CSS/SCSS, JavaScript, and Vue.
- Created an extensive MVC patterned REST API using JavaScript, Node, Express, and MySQL.
- Structured a LEMP stack cloud server for a website, Node App, and Database using an SSH terminal.
- Communicated with company leaders to create an application from desired non-technical descriptions.
- Engaged in an agile environment using weekly scrum meetings and stories for efficient production.

Projects

Fitness Tracker App

[GitHub](#) | [Live Site](#)

- Worked on a web application that let users log their exercise workouts and upload and share photos of themselves exercising.
- Sculpted a reactive frontend for any screen with a fluid user interface for immersive interactivity.
- Programmed a versatile backend using a REST API and an MVC design pattern to accommodate various operations and ensure user account safety.

Math Suite

[GitHub](#)

- Worked in a group of 3 to build an "education suite" application for mathematics for elementary-aged students.
- Designed the Admin Menu and General Use Case using Microsoft Visio.
- Created common core math-based assignments, "Adding 3 Numbers" and "Volumes of Cubes" using Java and JavaFX.

Leadership Experience

Economics Club

February 2021 - May 2021
New Paltz, NY

Social Media Manager

- Designed logo for the club and created flyers for upcoming events using Canva.
- Managed and oversee social media content.
- Created engaging text and image content.
